Length: Olympus: 4" -20"; Field: 6-1/6"

Thickness: Olympus: 1" -3"; Field: 1" -2-1/2"

Weight: Approximatley 8 Lbs/ Sq Ft.

Installation: Stone color will vary. Selecting and blending stones from different boxes throughout the installation will ensure a normal balance of color and size

Packaging: 100 Square Feet per box. 75 Linear Feet per box. Olympus and Field are packaged separately. Note: Boxed stone available; Full boxes weigh approximately 800-1000 lbs. and require mechanical assistance for handling.

Sealing: Sealing is not required on Rocky Mountain Stone Products. But, if you would like to seal your stone, use only a quality masonry sealer that is of "Penetrating Breathable" type that is either a Silane or Siloxane based product. As with any sealer, the color of the stone may change after an application. Be sure to test the sealer on several different inconspicuous places on the stone, to determine if the color change is acceptable.
